...	The instructions shown in these brackets must be repeated for the whole round/row with the number indicated after x.
(..)	At the end of the line - indicates the total number of stitches.

Crochet hook: 4,0 - 5,0 mm

Gauge with double thread:
15 dc/10 cm.

! Crochet with
● double thread.

Bucket bag crocheted from solid bottom

- 1.) Start in any side hole with 1 dc, then 2 dc in each of the other side holes, and in each of the 4 corner holes 4 dc. Finish the round with 1 sl st in the first hole dc.
2. - 3.) Crochet 1 dc in every st - except for the corner holes: 2 dc/st.

Work in spirals from here.

- 4.) *1 dc*

*Repeat round 4 until the desired height is reached.
The shown bag is W 17 x H 17 cm.*

NOTE: Crochet increases on the 2nd and 3rd round to prevent sides from curving inwards.

*Increases in the corners of 2nd and 3rd rounds:
Crochet 2 dc in each corner hole.*

*No increase at the corners of 2nd and 3rd rounds:
1 dc on all sts.*

Mounting

Pull the cord through the bag without the metal pieces. It might help to enlarge the holes between stitches with a crochet hook prior to passing the cord.

D-Rings

It is recommended to crochet the D-Rings vertically to the bag for better fastening and finish.

dc pattern

A dc has a front and a back - both sides have their own charm.

Our backpack is crocheted from a solid bottom, and there is the back of the dc, which becomes our front.

Backside of the dc.

Front side of the dc.

Good to know

Hook Size + Tension

Crocheters crochet very differently: some crochet with a hook size 2,0 mm and obtain the same size of design and quality as a person who crochets with a hook size 4,0 mm. We owe this knowledge to the team of crocheters who join us.

The key to crochet a specific size is a lot about the crochet style/hands/skills, rather than the size of hook. Therefore, we will recommend a range of hook sizes.

In Go handmade's big collection of accessories for bags, you will find everything to give your bag the last touch - handles, straps, fabric, buttons, etc..
